

Submitter: James Marcum

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB4145

As a supporter of the Second Amendment, I believe this would be in opposition to it and would be found unconstitutional. As Measure 114 is still in the courts, and if that is found to be unconstitutional, as I feel it will be, this would follow. Adding the additional cost and permitting would hinder and even possibly prevent people who want to obtain or use a firearm for protection from doing so.
