

Submitter: Hazel Adams
On Behalf Of: Cascades Academy Eco Club
Committee: Senate Committee On Finance and Revenue
Measure, Appointment or Topic: HB4134

Dear Senate Commity On Finace and Revenue,
I writing to ask you to support the bil HB 4134. This is an important bill since Oregon's recreation is such a large piece of our state;s economy. Growing up in Bend, I have taken adavantage of all the recreation Oregon has to offer from climbing to biking to skiing to hiking to rafting to beaches to archery. The outdoors is such an important part of our life and our education. As an 8th grader at CACO I have experienced so many pieces of our state's enviornment due to our experiental learing. As an 8th grader I have taken on leadership roles and seen the impact being exposed to the wildlife around us has on studenst young and old. The students here have learned so much due to the outdoors compared to staying inside a classroom. This 1.25% increase in tax would not be that muchof an ask to keep on experiencing our outdoors. Even with the additional tax we would still have the third lowest tax in the US. This is such a small ask to keep on experiencing the enviornment around us. Coming from a young person with both conservative and liberal views I can see how this benefits everyone. Please help keep Oregon green and our oceans blue.

Best,
Hazel Adams
