

Submitter: Kaia Kurwig
On Behalf Of: Cascades Academy Eco club
Committee: Senate Committee On Finance and Revenue
Measure, Appointment or Topic: HB4134

Dear Senate committee of finance and revenue,
I believe that the reason why passing this bill would be so important to the community of Oregon is because of finance, unexpectedly. Families that tourist around bend mostly come here for our nature, views, and unique activities and experience that Oregon hosts, and you have no idea how special they are. Coming from living in a large City my entire life, moving to a place like this was one of the best decision I have ever contributed to, And i want other children like me to have the same experience. As well as this, Oregon has one of the lowest tax rates in the U.S., and this 1.25% would not change that in the slightest. Families come to Oregon, and they pay for they various activities available, so if anything, this would improve finances rather than hurt them. This little percentage would help miles in protecting our wildlife and our community, and i hope that you will considers this message carefully.

Sincerely, Kaia Kurwig of

Cascades Academy Eco club
