Measure, Appointment or Topic: HB4134

Dear Senate committee of finance and revenue,
I believe that you should vote for this bill because if it passed it would make sure that wildlife is safer for the future. I think it is also important to have this bill pass because wildlife is such a important part of Oregon. If this bill passed Oregon would still have one of the lowest lodging taxes in the United States, so it instead of hurting our finance, it would improve it due to the amount of tourists we get. This little step to protecting our wildlife will go miles in the long run, and I hope you will take this into consideration.
