Measure, Appointment or Topic: SB1517

Oppose SB 1517A as written because it is fraught with ambiguities and is a step backward in the effort to protect recreation providers and the citizens we serve in parks and recreation. We supported SB 1593 and the protections that it provides which can also be found in the SB 1517 -A11 amendments., which we support.

Thank you for the work that so many people have put into finding a compromise, and as such are agreeable to supporting the -A15 amendments as we are willing to give up specific protections for broad applicability of waivers which will provide some certainty to your local Parks and Recreation agencies.

Thank you for your attention to this complex issue – we hope to finally have clarity and a path forward with the compromise amendments.
