On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB4145

Hello. I am writing this as a lifelong Oregonian and concerned citizen. I am very concerned about this bill and how it will impact marginalized and already disenfranchised communities in the state. Please do the right thing and vote no on this bill. We need a legislature that is fighting for our rights and the rights of all Oregonians, not looking to disenfranchise minorities, poor people or those most in need of protection. Thank you.
