Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB4145

Measure 114 is already the worst and most misguided gun bill in the country. I through no fault of my own have been shot at twice in my life while living in Oregon. Both times once in my early 20s and later in my late 20's I ended up in the wrong place at the wrong time. Both times the criminals broke laws. You can not legislate goodness. All this bill does is make it harder for my wife and myself to protect ourselves and our family from Criminals and bad people. Stop the insanity and shut this bill down.
