Measure, Appointment or Topic: HB4145

Dear members,

Even in the best of times a law like this is unconstitutional unjust, unfair, racist classest, and completely antithetical to the freedom of Oregonians. We have an authoritarian federal government, looking to subvert the states and their rights and the rights of the people through gross overreach of police and military forces. A law like this looks to handover self determination to a militarized police force that answers to no one but themselves. Anyone with an ounce of imagination can see all the ways that this can go wrong and is wrong. The road to hell is paved with good intentions and this is inherently dangerous and injecting fuel into the engine of repression. Stop and read the room! work on something that actually matters to Oregonians. Healthcare, poverty, social services. These are the things that will benefit the welfare of Oregon, not laws, turning law abiding citizens into criminals and empowering repressive regimes.

Sincerely  
Aaron Chocholak
