On Behalf Of:  
Committee: Senate Committee On Rules  
Measure, Appointment or Topic: HB4145

Dear Senate committee members,

My name is Brandy Steelhammer. I am a life-long Oregonian who has experienced the loss of 5 people I care about to gun violence; two by homicide and three by suicide. All of them died in Oregon. It is a pain that too many of us carry because of corporate greed. The gun lobby and gun manufacturers put profits over the safety of your families and mine, selling fear to enrich their pockets. Thankfully, Oregonians are standing up to say ENOUGH. We voted for Measure 114, yet we wait for it to be enacted. Please do not make us wait any longer. HB 4145 clarifies the tenets of 114 so that it can be enacted as voters intended. I implore you to vote yes on 4145. Too much time has gone by already. We cannot delay or we will lose more of our loved ones to gun violence.

Thank you,  
Brandy Steelhammer, LCSW
