Measure, Appointment or Topic: HB4134

I believe this bill is an intelligent investment in one of Oregon's greatest and most unique resources--it's wildlife and wild quality. I know many people from all over the country who tell me that they admire Oregon because of its undeveloped and natural feel. Oregon has a list of over 300 vulnerable species that require intervention. HB4134 will allow for the appropriate resources to protect those species. It is well worth the marginally higher tax on lodging.
