Measure, Appointment or Topic: HB4145

I was not a supporter of measure 114 to begin with, but these modifications are making an already poor piece of legislation even worse. I am particularly upset about the subjective allowance to deny someone ownership of a firearm and disproportionately exempting all law enforcement from other citizens. I have been liberal my entire life and believe in common sense gun laws but this is not that. I cannot support this measure or these new modifications.
