On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: HB4134

Wildlife matters to me and old growth forests support that. Furthermore, they are called old growth because they have been growing a long time. And yet there are few left... that should show how unsustainable it is to cut them down. There are not very many because people are not letting the forests grow. They just take. I support this bill to give back. For what people can do for the forests, rather than for what trees can do for people.
