Committee: Senate Committee On Finance and Revenue  
Measure, Appointment or Topic: HB4134

As an independent, small business- HB4134 a proposition to raise the transient occupancy tax will raise the cost of every traveler considering a trip to Oregon. Our business is already down significantly from past years and we cannot afford to lose more business. This will affect the work we can do restoring a vintage roadside motel, the hours we can provide to our staff, and the potential drop in visitation will affect the local businesses surrounding us. Please consider the small business owner in your decision about a raise in the state transient lodging tax.
