

Submitter: Ralph Newton

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB4145

Dealing with honest regard with the democrat legislature is akin to attempting a negotiation with a deaf man whose back is turned. But here we are again, addressing this democrat legislature in search of equity and fairness regarding this onerous piece of autocratic legislation that serves no other purpose than to satisfy orgs. and donors this legislative body owes. Way to go! A solid NO..Once again, on this awful piece of Citizen bashing nonsense
