Measure, Appointment or Topic: HB4145

I oppose HB 4145 because this will only affect legally responsible gun owners from being able to protect themselves and their families. We still do not have a plan or the infrastructure to support a permit process, so people will be unable to legally purchase firearms. It also limits the mags to 10 rounds, but we have seen so many reports where there are multiple shooters or home invaders and people defending themselves or their homes needed more rounds than that.
