Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: HB4134

Dear Senators,

I strongly urge you to support HB4134, the 1.25% for wildlife bill. As an Oregon resident, I deeply value Oregon's natural spaces and wildlife diversity. Oregonians love the wildlife diversity in our state and want to see it thrive. And it is the beauty and richness of our natural environment which drives our tourist economy. Protecting fish, wildlife, and habitats is not separate from economic vitality—it is foundational to it. Investing in conservation now supports local communities and long-term economic resilience for our state.

HB 4134 provides long-term, dedicated funding for conservation. This bill would secure sustainable funding to recover Oregon's most at-risk species and habitats and support wildlife conservation in our state. Please support Oregon and the values that Oregonians hold dear by voting yes on this measure.

Thank you.

Chris Harrington
