

Submitter: Natalie Razey

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB4145

HB4145 will help to insure public safety surrounding firearms. Oregon has extremely high gun suicide rates and the processes implemented by this bill can add a pause and allow people to get help. It also keeps firearms out of the hands of people with poor intentions. This bill isn't to take away guns, it's to make sure guns are not used to harm others.
