

Submitter: Conner Evans

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB4145

This bill is complete over reach by our (the ppl) Oregons elected officials even though I understand there hearts are in a good place..this bill will only affect law abiding citizens and mostly small FFL dealers across Oregon. There has to be a better solution to gun crimes then infringing on our god given right according to the United and states constitutions
