Measure, Appointment or Topic: HB4145

I oppose this measure for the following reasons. It is making gun ownership prohibitively more expensive. How does a woman protect herself against an abuser, a restrained order is just a piece of paper, this measure would add a lot of time and money on top of the purchase of a gun making the right to protect yourself harder than it needs to be.

Magazine restrictions will only be followed by law abiding citizens, criminals will carry more bullets and if they have an partners they will easily out match any victim they choose leaving the citizen dead. This law will give more power to criminals. Why would you have an exemption for law enforcement? You clearly understand that they need a fighting chances against a criminal element, so why not allow the citizen the same chance. No matter how many laws you make criminals dont care and will continue to prey on people, evil will always exist.
