HB4145

I would like to express my opposition to HB4145. As a retired law enforcement officer with over twenty years of service, I fail to see how putting any more barriers for law abiding citizens to exercise their Second Amendment rights will increase public safety in any way, shape or form. I think the way the legislature has conducted itself in this matter is highly suspect and irregular. Please reconsider any support of this unconstitutional measure which only deprives citizens of their rights and fails to target the real threat to society, the criminal!
