Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB4145

The Democrats running the Oregon State government have shown over and over again that they are not interested in protecting the citizens. They all just voted noted NOT to notify Federal government officials when dangerous illegal offenders are released back into our communities! HB4145 restriction on gun permits and magazine size is just another way to limit the ability for an Oregon resident to own and operate a gun. Obviously we need more ownership of guns for self defense not less. AND it is guaranteed to American citizens in the 2nd amendment. Vote NO on HB4145!
