

Submitter: G B

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB4145

Members of the House and Senate that vote to support HR4145 are violating their oath of office and should be barred from running for reelection.

This bill will violate federal law by creating a registry of legal gun owners. Further it will infringe or hinder the rights of law abiding Oregonians by unreasonably delaying their federally protected second amendment and article one section 27 rights of the Oregon constitution to acquire bearable arms for self defense.

The carve outs for police create a multi tier rights system that is likely illegal under Oregon law.

If this bill passes it is likely to moot the active federal and state cases against measure 114 effectively wasting millions of tax payers dollars to readjudicate the court cases. This law will likely end up going to the Supreme Court if it passes.
