Measure, Appointment or Topic: HB4145

Members,

HB 4145 is as absurd and unconstitutional, as is 114. Measure 114 would not have passed if there had been honesty in its supposed purpose. Instead we suffered the misinformed, and individuals like the one that tried to get me to sign the 114 petition.... paid ... up from California ... didn't give a rip about truth, just here to get anyone to sign a piece of paper and hoodwink Oregonians.

HB 4145 is a complete and total infringement, hardship, and farce being foisted on Oregonians. If it takes bullying a member into tears to pass a vote and Democrats to get their farce to the Floor, who is the truth teller? Was anyone else bullied?

This amending is as much a travesty as is 114. We are not looking at anything that stops suicide, this will not stop criminals and apparently, we can't stop legislators who continue to show they don't give a #*^#x about Oregon citizen's Constitutional Rights.

No to more erosion of our Rights with mob rule.

Hasn't Oregon publicly embarrassed itself enough? And worse, blatantly spent our taxes to attack its own citizenry and cover a party's lack of management skills?

Where are Oregon leaders anymore? What has this state become?
