Measure, Appointment or Topic: HB4148

The City of Philomath supports HB 4148 and urges passage of this important legislation. As a city that is actively working to support and increase visitation to our community, we are all-in on supporting the travel industry. However, part of boosting our tourism appeal is ensuring adequate public safety services and infrastructure to accomadate increased visitation. This bill helps move us in the right direction.

We are committed to still offering robust support to our tourism promotion partners.

Let's get this done!
